

1. Level Loading

- ☐—The level loads correctly after selection.
- ☐—No loading delays or crashes occur.
- ☐—The player spawns at the correct starting point.
- ☐—All environment assets load correctly.

2. Player Movement

- ☐—The player can move freely left and right.
- ☐—Jumping works correctly.
- ☐—Running works correctly.
- ☐—The player cannot leave the playable area.

3. Geyser Mechanics

- ☐—Geysers activate correctly when the player approaches.
- ☐—Geysers launch the player vertically as intended.
- ☐—The launch height is consistent.
- ☐—The player can control movement after being launched.
- ☐—No physics glitches occur during geyser interaction.
- ☐—The player does not clip through platforms after being launched.

4. Timing & Precision

- ☐—Geysers activate at the correct timing.
- ☐—The player can chain multiple geysers correctly.
- ☐—No input delay occurs during fast sequences.

5. Collision

- ☐—Collision works correctly with terrain and platforms.
- ☐—The player does not pass through objects.
- ☐—Collision behaves correctly during geyser launches.

6.Lum Placement & Collection

- ☐—Lums are placed correctly along geyser paths.
- ☐—Lums can be collected during jumps and launches.
- ☐—The Lum counter updates correctly.
- ☐—No Lums are unreachable.

7.Hazards

- ☐—Environmental hazards (if present) damage the player correctly.
- ☐—The player can avoid hazards using geysers.

8.Checkpoints

- ☐—Checkpoints activate correctly.
- ☐—The player respawns at the correct checkpoint after death.
- ☐—Progress is not lost incorrectly.

9.Camera

- ☐—The camera follows the player smoothly during geyser launches.
- ☐—The camera keeps the player visible at all times.
- ☐—No camera clipping occurs.

10. Graphics & Animation

- ☐—Geyser animations play correctly.
- ☐—Water and particle effects display correctly.
- ☐—No graphical glitches occur.

11.Audio

- ☐—Geyser sound effects play correctly.
- ☐—Jump and landing sounds play correctly.
- ☐—No audio delay occurs.

12. Performance

- ☐ ~~No FPS drops occur during geyser sequences.~~
- ☐ ~~The level runs smoothly.~~
- ☐ ~~No crashes occur.~~
